Course Description

Sustainability Best Practices for Hotels

The GSTC Sustainable Hotels Course is designed for hospitality and accommodation professionals, and provides practical insights into sustainability practices for hotels.

- Deepen your understanding of sustainability for hotels.
- Learn to apply the globally recognized standard of sustainability
- Facilitated & interactive online course featuring real-life cases

Delivered as a 2-week-long facilitated and interactive online course, the GSTC Sustainable Hotels Course features expert presentations, useful resources, and real-life industry examples and lessons on applying sustainability best practices.

This course is for you, if you …

- Want to improve your performance by learning practical how-to’s on sustainability.
- Are looking for real-life examples and actionable tips on sustainability solutions.
- Need a flexible and convenient learning option that fits your busy schedule.
- Want to systematically and efficiently approach your sustainability journey by aligning with the globally recognized standard of sustainability best practices (GSTC Industry Criteria).
What does the course cover?

The training follows the GSTC Industry Criteria with the Performance Indicators for Hotels, providing best practices for sustainable hotel management.

- Lessons on each section of the GSTC Industry Criteria, with examples relevant to hotels.
- Expert tips and resources introducing key solutions around current issues and trends.
- Live presentations by industry practitioners, sharing insights based on real-life experience.
- Hands-on exercise to practice applying the Criteria to your own situations.
- Opportunities to learn alongside GSTC experts and fellow hospitality professionals from around the world, and to enhance your professional network.
